Two of the most common science courses for ninth grade students are biology and physical science. Physical science is the study of the natural world and includes topics such as the earth ' s structure, ecology, weather, climate, erosion, Newton ' s laws of motion, nature, space, and astronomy.

Typical Course of Study for 9th Grade - ThoughtCo

Physics is the study of the basic principles that govern the physical world around us. We'll start by looking at motion itself. Then, we'll learn about forces, momentum, energy, and other concepts in lots of different physical situations. To get the most out of physics, you'll need a solid understanding of algebra and a basic understanding of trigonometry.
