Forex is the fancy abbreviation for the Foreign Exchange, or Currency Market. This is where people and organizations go to buy and sell one country's currency in exchange for another country's currency. This forex market is quite unique as far as markets go these days. Here are some reasons why: 1.

An Introduction to Forex Trading

Essentially, forex is the buying and selling of currencies – to buy one currency, you have to sell another currency. All exchange rates are quoted as a pair. The first currency in the pair is known as the “base currency”, the second is called either the “quote” or “counter currency”.
