Del is a good kid who's been caught in horrible circumstances. When we meet him, he is 17, trying to put his life together after an incident in his past that made him a social outcast - and a felon. As a result, he can't get into college; the only job he can get is digging graves; and when he finally meets a girl he might fall in love with, there's a whole sea of complications that threaten to bring the world crashing down around him again. But what has Del done? In flashbacks to Del's 14th year, we slowly learn the truth: his girlfriend texted him a revealing photo of herself, a teacher confiscated his phone, and soon the police were involved. Basing her story on real-life cases of teens being charged with sex crimes for texting explicit photos, Susan Vaught has created a moving portrait of an immensely likable young character caught up in a highly controversial legal scenario.
