Will he ever find his love again or will she always just be a memory?

Color your way through a spooky world of masked fairies, magical witches, mysterious vampires and more! This collection includes 20 Halloween images that have been selected from the Spellbinding Images Coloring Book Series Volumes 2-5. Each image has received a magical makeover and has been revamped with additional hand drawn whimsical details for a whole new spooktastic coloring adventure! Features: 20 Single-Sided Halloween Images to Color: This book features 20 single sided Halloween coloring pages and depicts enchanting witches, masquerade fairies, Halloween mermaids, cats, bats, pumpkin patches, spooky forests and more ready for you to color! Also Includes 2 Additional Sections: Design Pages and Minis Design Pages: The Design Pages section helps you to plan out your coloring of the full size illustrations. Each Design Page includes two small tester images, a color swatches section and an area for notes. Minis: Color each Halloween image in 5x7" miniature size. The minis are zoomed in and cropped differently than the full size pages for a different coloring experience. Use the minis as testers or practice skin, hair and makeup coloring techniques. Formatted 2 to a page and single sided for easy removal. The paper is 8.5x11" and is a smooth, medium weight, bright white paper ""Please Note: Please see the back cover of the book for all images included by clicking on "Look Inside the Book." These images have been included in previous books in the Spellbinding Images Coloring Book Series, but they have all been enhanced with additional details for a new coloring experience! You can find all of Nikki's books by clicking on her Author Page (Click Nikki Burnette at the top of the product listing).

The Routledge Handbook of English Language and Digital Humanities serves as a reference point for key developments related to the ways in which the digital turn has shaped the study of the English language and of how the resulting methodological approaches have permeated other disciplines. It draws on modern linguistics and discourse analysis for its analytical methods and applies these approaches to the exploration and theorisation of issues within the humanities. Divided into three sections, this handbook covers: sources and corpora; analytical approaches; English language at the interface with other areas of research in the digital humanities. In covering these areas, more traditional approaches and methodologies in the humanities are recast and research challenges are re-framed through the lens of the digital. The essays in this volume highlight the opportunities for new questions to be asked and long-standing questions to be reconsidered when drawing on the digital in humanities research. This is a ground-breaking collection of essays offering incisive and essential reading for anyone with an interest in the English language and digital humanities.

An MBA from Kellogg, a six-figure salary teasing toward seven, and a career trajectory in international banking that challenged gravity. Whether in Boston or Moscow, Carson Neshek led a charmed existence filled with fast cars, lucrative business deals and beautiful women. With Russia now open for private investment and the world knocking on the door, Carson only had time for business. A personal life -- or at least its encumbrances -- would have to wait. That included the exotic beauty Sasha and her daughter Vika, for whom Carson was "daddy" only as an occasional patron. Russia was a land of adventure and opportunity that demanded taming. And gambling with it was an intoxicating game until the stakes escalated too far too fast - threatening his career and maybe his life. Carson stood at the dangerous intersection of corrupt politics and mafia-controlled business in Russia. As murders began to pile up he found himself squeezed between the terrifying Russian criminal underworld, all-reaching Russian political power, and even U.S. law. Carson would have to learn whom he could trust and what he could save and then make a choice -- before it was too late.

Who is reserved Jack Hamish: a tabloid newspaperman, screen writer, kidnab victim, ninja, sea captain or just a lonely husband? What begins as a simple case of writer's block, becomes his strangest adventure yet, taking turns at swimming with sharks, Gaspar de Portola, running gun battles, cement galoshes, USC football, drug cartels, the Monitor, Predator drones, Manuel Noriega, the Tongva people, Hollywood, the yakuza, religions of the world, Encino and even God! That's just for starters. What happens next is anyone's guess.

This is a memoir presented in an anthological - like format; in other words, a collection of short stories, on the life of the author. It starts when he was growing up in the Philippine countryside of Ilocos Sur province. Just like a normal kid, he played with his friends, did crazy things, went to school and moved to Manila, for his college education. He got married while in fifth year college, but still graduated on time. This book relates his struggles, failures, as well as successes, including his coming to America. Searching for the American Dream was no picnic either, but with perseverance, he achieved some of them in modest ways. Foreigners planning to immigrate to the great of USA could get glimpses, on what it takes, to come and live in America.

For medical lab technology, medical assisting, respiratory therapy, radiological technology, and nursing courses. This text is the most accurate and current source of blood and specimen collection information for today's health care students and professionals. Designed to provide health care professionals with the clinical, technical, and communication skills and knowledge, it features sections devoted to safety; equipment and collection; special procedures and point of care testing; and quality and legal issues.
