sentence about
running
profitability
operations, from
this to that.

With this guide
to CO-PA, you're
ready for SAP
S/4HANA!"--

Download File PDF Copa In Sap S 4hana

SAP S/4HANA
Finance has
transformed the
CO-PA landscape!
Learn about the
updates and
developments to
profitability
analysis in SAP
S/4HANA Finance,
and then
configure your
new system with

Download File

PDF Copa In

step-by-step

instructions and
screenshots.

Start with the

basics: master

data, actual

value flow, and

data enrichment.

Then learn how

to migrate your

existing SAP ERP

data into SAP

S/4HANA Finance.

The future of CO-

Download File

PDF Copa In

PA with SAP is
here!

This practical
manual guides
you step by step
through the
flows of actual
values into SAP
Profitability
Analysis (CO-PA)
and the forms
these flows take
in S/4HANA,

Download File

PDF Copa In

including the account-based CO-PA required there. The book presents the technical prerequisites and changes that SAP S/4HANA brings compared to the previous product, ERP, and discusses whether there is

Download File

PDF Copa In

any truth in

rumors such as

“The Controlling

module will no

longer exist.”

Using a simple,

continuous

example, the

authors, who

have many years

of experience

with SAP

Controlling,

illustrate how

Download File

PDF Copa In

an SAP value

flow progresses
through the
individual

stages of the

process: from a
sales order,
through

production,

right up to the
issue of goods
and invoicing.

The book shows
where you will

Download File

PDF Copa In

find these

values at each
respective point
in time in

Financials (FI)

and Controlling
(CO). The

authors explain

both the

business and the

SAP technical

view in detail

and highlight

the benefits of

Download File

PDF Copa In

the innovative
approach under
S/4HANA, now
known under the
new name of “SAP
Margin
Analysis.”

Furthermore, the
book delivers a
plea for CO-PA
to be used as a
tool for sales
management – a
tool that allows

Download File

PDF Copa In

the widest possible variety of business analyses.

Value flows based on the logistical sales and production process
