Levinas, Subjectivity, Education
examines how the philosophical
writings of Levinas lead us to reassess
the concept of education, paving the
way for a radical new understanding
of ethical and political responsibility.
Offering a bold new interpretation of
Levinas's philosophy that addresses
the importance of the figure of the
teacher in his writing, Anna Strhan
demonstrates the challenge of his
work for contemporary debates on
autonomy, marketization, and political
subjectivity in education.

“ In her new book on Levinas, Subjectivity, Education, Anna Strhan perceptively notes that 'Decreasing participation in institutional religions combined with the increased visibility of religion in the public sphere are together leading to wider religious illiteracy and poor quality public discourse on religion'. This is the fundamental challenge addressed in the book, and she draws on contemporary continental philosophy, educational theory, and, not least, educational practice in Britain ...

Emmanuel Levinas (1906 - 1995) is widely considered one of the most influential and provocative thinkers of the last century. Renowned for his thesis that ethics is first philosophy and his concepts of the ' Other ' and the ' face ' , Levinas thematizes teaching as central to his conception of subjectivity. While his writings in this area continue to gain influence within broad aspects of ...
