Library and information science or "library and information studies" is a merging of library science and information science. The joint term is associated with schools of library and information science. In the last part of the 1960s, schools of librarianship, which generally developed from professional training programs to university institutions during the second half of the 20th century, began to add the term "information science" to their names. The first school to do this was at the Univers

## **Library and information science - Wikipedia**

Library and Information Science (LIS) is a long-standing academic discipline, with its own set of theories, perspectives and methods. It studies all aspects of the creation, organisation, management, communication and use of recorded information in documents of all kinds, including new forms of digital and immersive documents.
