A history of German women in the Holocaust reveals their roles as plunderers, witnesses, and actual executioners on the Eastern front, describing how nurses, teachers, secretaries, and wives responded to what they believed to be Nazi opportunities only to perform brutal duties.

A history of German women in the Holocaust reveals their roles as plunderers, witnesses, and actual executioners on the Eastern front, describing how nurses, teachers, secretaries, and wives responded to what they believed to be Nazi opportunities only to perform brutal duties.

Nazi Wives is a fascinating look at the personal lives, psychological profiles, and marriages of the wives of officers in Hitler's inner circle. Goering, Goebbels, Himmler, Heydrich, Hess, Bormann—names synonymous with power and influence in the Third Reich. Perhaps less familiar are Carin, Emmy, Magda, Margaret, Lina, Ilse and Gerda... These are the women behind the infamous men—complex individuals with distinctive personalities who were captivated by Hitler and whose everyday lives were governed by Nazi ideology. Throughout the rise and fall of Nazism these women loved and lost, raised families and quarreled with their husbands and each other, all the while jostling for position with the Fuhrer himself. Until now, they have been treated as minor characters, their significance ignored, as if they were unaware of their husbands' murderous acts, despite the evidence that was all around them: the stolen art on their walls, the slave labor in their homes, and the produce grown in concentration camps on their tables. James Wyllie's Nazi Wives explores these women in detail for the first time, skillfully interweaving their stories through years of struggle, power, decline and destruction into the post-war twilight of denial and delusion.

A single photograph--an exceptionally rare "action shot" documenting the horrific murder of a Jewish family--drives a riveting forensic investigation by a gifted Holocaust scholar.

Introduction : the role of gender in the Holocaust / Lenore J. Weitzman and Dalia Ofer -- Gender and the Jewish family in modern Europe / Paula E. Hyman -- Keeping calm and weathering the storm : Jewish women's responses to daily life in Nazi Germany, 1933-1939 / Marion Kaplan -- The missing 52 percent : research on Jewish women in interwar Poland and its implications for Holocaust studies / Gershon Bacon -- Women in the Jewish labor bund in interwar Poland / Daniel Blatman -- Ordinary women in Nazi Germany : perpetrators, victims, followers, and bystanders / Gisela Bock -- The Grodno Ghetto and its underground : a personal narrative / Liza Chapnik -- The key game / Ida Fink -- 5050

On 16 July 1941, Adolf Hitler convened top Nazi leaders at his headquarters in East Prussia to dictate how they would rule the newly occupied eastern territories. Ukraine, the "jewel" in the Nazi empire, would become a German colony administered by Heinrich Himmler's SS and police, Hermann Goring's economic plunderers, and a host of other satraps. Focusing on the Zhytomyr region and weaving together official German wartime records, diaries, memoirs, and personal interviews, Wendy Lower provides the most complete assessment available of German colonization and the Holocaust in Ukraine. Midlevel "managers," Lower demonstrates, played major roles in mass murder, and locals willingly participated in violence and theft. Lower puts names and faces to local perpetrators, bystanders, beneficiaries, as well as resisters. She argues that Nazi actions in the region evolved from imperial arrogance and ambition; hatred of Jews, Slavs, and Communists; careerism and pragmatism; greed and fear. In her analysis of the murderous implementation of Nazi "race" and population policy in Zhytomyr, Lower shifts scholarly attention from Germany itself to the eastern outposts of the Reich, where the regime truly revealed its core beliefs, aims, and practices.

Examination of the role of German women in borderlands activism in Germany's eastern regions before 1939 and their involvement in Nazi measures to Germanize occupied Poland during World War II. Harvey analyses the function of female activism within Nazi imperialism, its significance and the extent to which women embraced policies intended to segregate Germans from non-Germans and to persecute Poles and Jews. She also explores the ways in which Germans after 1945 remembered the Nazi East.

“Oh my human brothers, let me tell you how it happened.” Dr. Max Aue, the man at the heart of Jonathan Littell’s stunning and controversial novel The Kindly Ones, personifies the evils of the Second World War and the Holocaust. Highly educated and cultured, he was an ambitious SS officer, a Nazi and mass murderer who was in the upper echelons of the Third Reich. He tells us of his experience during the war. He was present at Auschwitz and Babi Yar, witnessed the battle of Stalingrad, and survived the fall of Berlin — receiving a medal from Hitler personally in the last days of Nazi Germany. Long after the war, he is living a comfortable bourgeois life in France, married with two children, managing a lace factory. And now, having evaded justice, he speaks out, giving a precise and accurate record of his life. The tone of his account is detached, lapidary, and for the most part unrepentant, whether he is describing his participation in mass murder on the Eastern Front, his bureaucratic investigations of labour productivity in the death camps, his casual murder of civilians as he tries to break through Russian lines towards the end of the war, or his fervid and convoluted relationship with his twin sister. Over its course, by entwining Aue’s life with those of historical figures such as Eichmann and Speer, Himmler and indeed Hitler, The Kindly Ones comes to depict the entire architecture of Nazism — from its grandest intellectual pretensions to its most minute, most chilling managerial details and executions. The Kindly Ones presents — with unprecedented realism, meticulous research that is both fascinating and compelling, and brilliant literary accomplishment — the greatest horrors imaginable. “War and murder are a question, a question without an answer, for when you cry out in the night, no one answers.” Aue says. In the same way, this powerfully affecting, powerfully challenging book confronts the reader with the most profound questions about history, morality, and art without offering any easy resolution. Written originally in French, and published now in English for the first time, The Kindly Ones has already sold to date well over a million copies in Europe. In France it won two prestigious prizes, including the Goncourt, and has been compared to War and Peace and other great classics of literature.

The Nazis believed their mission was to 'masculinize' life in Germany. Hermann Goering told women, 'Take a pot, a dustpan and a broom, and marry a man,' but many still became active participants in murder and mayhem. From the Reich Bride Schools through the Bund Deutscher Mädel and the bizarre Lebensborn Aryan breeding programme to the brothels of the Sicherheitsdienst, this book covers the lives of women in the Third Reich, concentrating on those who sought personal power and influence amid the chaos and death.

Examines the rise of National Socialism in Germany

Download *Hitler's Furies: Women of the Third Reich, Holocaust Living History* by Wendy Lower, available on Kindle, Audible, Google Play, and iTunes. *Hitler's Furies* is a gripping, intimate history of the women who lived with the men who ruled the Third Reich. Wendy Lower tells us how these women were seduced by Hitler's promises of a better life, and how they were used by the Nazis to further their goals. This is a powerful and moving story that sheds light on the lives of these women and the impact of the Holocaust on their families.
