This managerial book goes beyond the traditional thoughts on this subject. It brings you a challenging dimension: Create an entrepreneurial organization and you will exceed in the realization of your goals and objectives. The entrepreneurial organization thrives on developing innovation, customer retention, productivity, and growth. Your role and that of other managers has changed dramatically in the last decade because two powerful new forces have joined in the environment. A new social awareness and demographic shift in the work force coupled with a shrinking of markets in a technological and global landscape demands new ways of planning, organizing, and directing organizations. ESM argues the need for implementation as the force majeure in fulfilling strategic plans and the engagement of the whole organization in strategic management to achieve organizational goals. Inside, you'll be introduced to a new approach to understanding the economic marketplace in four quadrants or fields where each determines what strategic responses are needed to thrive in those fields and which direction the organization is to go if it is to survive and grow. This book lays out the cycle of corporate products and services from profitable innovation to decline and failure and offers the executive a road map to renovate and build the organization.

Everything You Need to Know About Managing Your Team As a manager, you tend to walk a tightrope with executives on one side and employees on the other. But while managing personalities, team dynamics, and company culture aren't your only responsibilities, they are vital to the well-being of any company. To help you boost productivity and find the right

management style for you, the staff of Entrepreneur helps you tap into the expertise of over 20 contributors and learn how to: Delegate the right jobs to the right people Decentralize management and boost employee productivity Promote accountability with remote and in-house staff Motivate your team with radical candor and genuine appreciation Create a culture that fits your brand and management style Supervise a staff without breathing down people's necks Plus, get an inside look at the management styles of Karim Abouelnaga, founder and CEO of Practice Makes Perfect, Dr. Riaz Khadem, founder of Infotrac and author of Total Alignment, Chung-Man Tam, CEO of Homesuite, and Glenn Llopis, chairman of the Glenn Llopis Group and author of The Innovation Mentality.

What's the secret to a company's continued growth and prosperity? Internationally known marketing expert Al Ries has the answer: focus. His commonsense approach to business management is founded on the premise that long-lasting success depends on focusing on core products and eschewing the temptation to diversify into unrelated enterprises. Using real-world examples, Ries shows that in industry after industry, it is the companies that resist diversification, and focus instead on owning a category in consumers' minds, that dominate their markets. He offers solid guidance on how to get focused and how to stay focused, laying out a workable blueprint for any company's evolution that will increase market share and shareholder value while ensuring future success.

Marconomics is about human economics. This text introduces marconomics, examining how the use of the social sciences, consumer behavior in particular, is used to explain and develop
