Show Me the Numbers: Designing Tables and Graphs to ...

Show Me the Numbers: Designing Tables and Graphs to Enlighten is the most accessible, practical, and comprehensive guide to table and graph design available. The second edition of Show Me the Numbers improves on the first by polishing the content throughout (including updated figures) and adding 91 more pages of content, including: 1) A new preface; 2) A new chapter entitled "Silly Graphs That Are Best Forsaken," which alerts readers to some of the current misuses of graphs such as donut ...

Show Me the Numbers: Designing Tables and Graphs to Enlighten, Second Edition, Stephen Few, \$45.00 MSRP, June 2012, Analytics Press. (Table of Contents) Most presentations of quantitative information are poorly designed—painfully so, often to the point of misinformation. This problem, however, is rarely noticed and even more rarely addressed. We use tables and graphs to communicate quantitative information: the critical numbers that measure the health, identify the opportunities, and ...
