International History of the Twentieth Century and Beyond ...

Indeed, in ways which can still surprise the 21st-century reader, Kuhn barely reached into the 20th century, never strayed beyond the physical sciences, and never reflexively acknowledged the Cold War context of the thriving military-industrial complex in which the Structure was written. By contrast, Agar opens up the 20th century in ways not even conceived by Kuhn, and treats us to a range of sciences that reveal how by the end of the last century, the physical sciences had been eclipsed in ...
