A heartbreaking tale of love, loss and one nearly perfect summer -- perfect for fans of The Fault In Our Stars and Love, Simon. Seventeen-year-old Katie Price has a rare disease that makes exposure to even the smallest amount of sunlight deadly. Confined to her house during the day, her company is limited to her widowed father and her best (okay, only) friend. It isn't until after nightfall that Katie's world opens up, when she takes her guitar to the local train station and plays for the people coming and going. Charlie Reed is a former all-star athlete at a crossroads in his life - and the boy Katie has secretly admired from afar for years. When he happens upon her playing guitar one night, fate intervenes and the two embark on a star-crossed romance. As they challenge each other to chase their dreams and fall for each other under the summer night sky, Katie and Charlie form a bond strong enough to change them -- and everyone around them -- forever.

This collection brings together some of the most influential sociologists of law to confront the challenges of current transnational constitutionalism. It shows the constitution appearing in a new light: no longer as an essential factor of unity and stabilisation but as a potential defence of pluralism and innovation. The first part of the book is devoted to the analysis of the concept of constitution, highlighting the elements that can contribute from a socio-legal perspective, to clarifying the principle meanings attributed to the constitution. The study goes on to analyse some concrete aspects of the functioning of constitutions in contemporary society. In applying Luhmann's General Systems Theory to a comparative analysis of the concept of constitution, the work contributes to a better understanding of this traditional concept in both its institutionalised and functional aspects. Defining the constitution's contents and functions both at the conceptual level and by taking empirical issues of particular comparative interest into account, this study will be of importance to scholars and students of sociology of law, sociology of politics and comparative public law.

The past two decades have witnessed increasing opposition to mafia influence and activities in Italy. Community organizations such as Libera, founded in 1995, and Addiopizzo, originating in 2004, exemplify how Italian society has tried to come together to promote antimafia activities. The societal opposition to mafia influence continues to grow and the Internet has become a frontline in the battle between the two groups. The Italian Antimafia, New Media, and the Culture of Legality is the first book to examine the online battles between the mafia and its growing cohort of opponents. While the mafia's supporters have used Internet technologies to expand its power, profits, and violence, antimafia citizens employ the same technologies to recreate Italian civil society. The contributors to this volume are experts in diverse fields and offer interdisciplinary studies of antimafia activism and legality in online journalism, Twitter, YouTube, digital storytelling, blogs, music, and photography. These examinations enable readers to understand the grassroots Italian cultural revolution, which makes individuals responsible for promoting justice, freedom, and dignity.

A grieving young widow, seeking answers to her husband's death, becomes entangled in an investigation steeped in the darkest mysteries of Rome. Sandra Vega, a forensic analyst with the Roman police department, mourns deeply for a marriage that ended too soon. A few months ago, in the dead of night, her husband, an up-and-coming journalist, plunged to his death at the top of a high-rise construction site. The police ruled it an accident. Sanda is convinced it was anything but. Launching her own inquiries, Sanda finds herself on a dangerous trail, working the same case that she is convinced led to her husband's murder. An investigation which is deeply entwined with a series of disappearances that has swept the city, and brings Sandra ever closer to a centuries-old secret society that will do anything to stay in the shadows.
