For over 150 years Irish playwrights beginning with Dion Boucicault have been celebrated by American audiences. However, Irish theater as represented on the American stage is a selective version of the national drama and the underlying causes for Irish dramatic success in America illuminate the cultural state of both countries at specific historical moments. Irish Theater in America is the first book devoted entirely to the long history of this transatlantic exchange. Born out of the conference of the Irish Theatrical Diaspora Project, this collection gathers together leading American and Irish scholars in addition to established theater critics. Contributors explore the history of Irish theater in America from Harrigan and Hart through some of the greatest and most disappointing Irish tours of America to the most contemporary productions of senior Irish playwrights such as Brian Friel and younger writers such as Martin McDonagh and Conor McPherson, covering the complexity of the relationship between Irish theater and the United States. This volume goes beyond the expected analysis of plays to include examinations of company dynamics, analysis of audience reception, and reviews of production history of individual works. Contents include Mick Moloney, Harrigan and Hart, and Braham Irish America and the Birth of the American Musical, Nicholas Grene, Faith Healer in New York and Dublin, Lucy McDiarmid, The Abbey, Its Helpers, and the Field of Cultural Production in 1913, Christina Hunt Mahony, The Irish Play Beyond the Generic.

Winner of the 2008 Theatre Book Prize, *Globalization is Transforming Theatre Everywhere* as writers seek to exploit new opportunities to produce their work internationally, audiences are seeing the world and the stage differently and as national borders become more fluid, the barriers between economics and culture are also becoming weaker. In this groundbreaking study, Patrick Lonergan explores these developments, placing them in the context of the transformation of Ireland, the most globalized country in the world since the early 1990s. Drawing on archival material that has never before been published, this study sheds new light on the culture of Celtic Tiger Ireland, focusing on such writers as Brian Friel, Sean O'Casey, Marie Jones, Martin McDonagh, Marina Carr, and Conor McPherson. In doing so, it shows how globalization poses difficult questions for authors and audiences and reveals how we can begin to come to terms with these new developments.
